Today heralds 3 releases from IE Music's stable of artistes.

Robbie Williams unleashes the 4th single from the 'Intensive Care', 'Sin Sin Sin' which is currently the number 1 downloaded video in Apple's itunes chart. This coincides with 'Archive's' hotly anticipated fifth studio album, "Lights", the aptly titled homage to the beginning of longer days in the Northern Hemisphere.

Excitingly for Sia, May 22nd marks a return to the court of the Kings-of-Chillout, Zero 7,'s 'The Garden" album release with her usual summery spirited sounds. Also featured on 'The Garden' are the exquisite vocals of Jose Gonzalez.
